

HALO

CHANGING WI-FI PASSWORD OR ROUTER

If you have changed your Wi-Fi password or changed broadband providers you will need to reconnect your Halo Smart Interface to re-establish the internet connection to the cloud and Halo app.

Follow these simple steps to reconnect your Halo device.

1

In the Halo app, scroll down to the homepage and Select **'Settings'**

2

Select **'Interface'**

3

Select **'Wi-Fi Network'**

4

Select **'Update Interface'** and follow the step-by-step instructions
