

CASE STUDY

Logic Air with Woodstock Homes.

*“Woodstock Homes recently installed the Logic Air in 29 new houses at a development in Bristol. Ideal Heating was the supplier of choice, not only for heat pump performance but also our dedicated support service, making the **transition to renewable heating as easy as possible.**”*

The **Ideal** heat pump package combines three revolutionary products.

1. Monobloc heat pump:

Our quiet, compact and highly efficient monobloc heat pump.

2. Pre-plumbed heat pump cylinder:

Our industry leading pre-plumbed heat pump cylinder.

3. Halo Air:

The Halo Air heat pump thermostat.
