HALO

CHANGING WI-FI PASSWORD OR ROUTER

If you have changed your Wi-Fi password or changed broadband providers you will need to reconnect your Halo Smart Interface to re-establish the internet connection to the cloud and Halo app. Follow these simple steps to reconnect your Halo device.

1

In the Halo app, scroll down to the homepage and Select ***'Settings'***

2

Select ***'Interface'***

3

Select ***'Wi-Fi Network'***

4

Select ***'Update Interface'*** and follow the step-by-step instructions
