

CASE STUDY

# Logic Air with Cameron Hall Homes.

Committed to incorporating energy efficient technologies Cameron Hall Homes choose to install Ideal Heating's Logic Air into their first development in Country Durham.

Ideal worked with them from the beginning of the design stage, through to installation and commissioning.

## The **Ideal** heat pump package combines three revolutionary products.

### 1. Monobloc heat pump:

Our quiet, compact and highly efficient monobloc heat pump.

### 2. Pre-plumbed heat pump cylinder:

Our industry leading pre-plumbed heat pump cylinder.

### 3. Halo Air:

The Halo Air heat pump thermostat.
